6. **AMP-09-06 (VA HOSPITAL); AN APPLICATION SUBMITTED BY VA SOUTHERN**

NEVADA HEALTHCARE SYSTEM, ON BEHALF OF THE UNITED STATES OF AMERICA, PROPERTY OWNER, FOR AN AMENDMENT TO THE MASTER PLAN OF STREETS AND HIGHWAYS, TO RELOCATE DEER SPRINGS WAY 660 FEET SOUTH OF ITS CURRENT ALIGNMENT BETWEEN PALMER STREET AND LINCOLN ROAD, TO REMOVE DORRELL LANE BETWEEN PECOS ROAD AND WALNUT ROAD, AND REMOVE SANDY LANE BETWEEN DORRELL LANE AND THE FUTURE RELOCATION OF DEER SPRINGS WAY.

Mayor Montandon opened the Public Hearing.

Planning and Zoning Director Jory Stewart advised the primary purpose of the street network change was to provide a contiguous parcel of sufficient size for the proposed Veterans Administration (VA) Hospital which consisted of 378,000 square feet of hospital space, 90,000 square feet of nursing home and 210,000 square feet of clinic and support office space.

Scott Plummer, G. C. Wallace Engineering, 1555 South Rainbow Boulevard, Las Vegas, represented the VA Hospital and stated this was a housekeeping item to match up the Master Plan of Streets and Highways with the proposed VA Hospital. He offered to respond to questions.

Mayor Montandon closed the Public Hearing.

8. **WAV-01-06 (CENTENNIAL CROSSING III); AN APPLICATION SUBMITTED BY GREAT AMERICAN CAPITAL, ON BEHALF OF REGENA HOMES, LLC, PROPERTY OWNER, FOR APPROVAL OF A WAIVER FROM TITLE 16 IN AN R-E RANCH ESTATES DISTRICT (PROPOSED FOR R-2 TWO-FAMILY RESIDENTIAL DISTRICT) TO ALLOW A FOUR FOOT SEPARATION BETWEEN THE DRIVEWAYS WHERE 14 FEET IS REQUIRED, ON PROPERTY LOCATED AT THE SOUTHEAST CORNER OF GOLDFIELD STREET AND REGENA AVENUE. (ASSOCIATED ITEM NO. 46, ORDINANCE NO. 2265)**

Mayor Montandon opened the Public Hearing.

Planning and Zoning Director Jory Stewart advised the applicant submitted a tentative map for a 46-lot, two-family or duplex residential subdivision with one single-family dwelling on approximately 4.3 undeveloped acres. With the application the applicant requested a waiver from the Title 16 subdivision regulations to reduce the setback between the driveway and property line to two feet where seven feet was ordinarily required in the R-2 two-family residential development district.

George Garcia, 1711 Whitney Mesa Drive, Suite 110, Henderson, appeared on behalf of the applicant and advised the waiver had been approved by Council on two previous occasions. The proposed project was a duplex development with a separation of four feet between garages. In previous projects it was agreed by the developer to install tree wells, additional landscaping and pavers in the driveways to create an appealing facade and enhanced curb appeal. Mr. Garcia requested approval.

Councilwoman Smith was concerned that approval of the waiver would set a precedent for other developers to request approval of their waivers. She stated this was the last waiver she would vote on for approval.

Mayor Montandon closed the Public Hearing.

32. RESOLUTION NO. 2342; A RESOLUTION REDUCING THE INTEREST RATE ON

THE ASSESSMENTS IN THE CITY OF NORTH LAS VEGAS, NEVADA SPECIAL IMPROVEMENT DISTRICT NO. 60 (ALIANTE) AND APPROVING A GUARANTY AGREEMENT RELATED TO THE CITY'S SPECIAL IMPROVEMENT DISTRICT NO. 60 (ALIANTE) LOCAL IMPROVEMENT REFUNDING BONDS.

Resolution No. 2342 as introduced by the City Manager:

A RESOLUTION REDUCING THE INTEREST RATE ON THE ASSESSMENTS IN THE CITY OF NORTH LAS VEGAS, NEVADA SPECIAL IMPROVEMENT DISTRICT NO. 60 (ALIANTE) AND APPROVING A GUARANTY AGREEMENT RELATED TO THE CITY'S SPECIAL IMPROVEMENT DISTRICT NO. 60 (ALIANTE) LOCAL IMPROVEMENT REFUNDING BONDS.

Assistant Finance Director Kay Godbey advised that due to favorable interest rates, it was possible to sell refunding bonds that would realize an average of \$100 per year in savings to the residents who paid assessments in Aliante. At the time the resolution was created, the pricing was not ready and the bonds were not sold; therefore, there was no coupon rate at that time. Assistant Director Godbey requested the coupon rate be read into the record and introduced the City's Bond Counsel, Dee Wisor from Sherman and Howard.

Dee Wisor, Sherman and Howard, advised the interest rate for the assessments in the resolution was currently blank and 5.79% should be entered into the blank which was a reduction from the original 7.40%.

ACTION: PASSED AND ADOPTED, AS AMENDED TO ADD INTEREST RATE OF 5.79%

City Attorney Sean McGowan stated he wanted to re-address Item No. 24 regarding the request for a one-year extension for Cash America to complete the pawnbroker's business licensing process. He advised it was necessary for the applicant to provide a good cause finding for the extension in the form of a letter indicating the reason for the extension.

George Garcia, 1711 Whitney Mesa Ranch, Henderson, advised a letter had been provided which indicated the applicant was searching for an alternative site for the facility in order to address the issues raised by Council, City Staff and residents and required the additional time to locate a site.

Ordinance No. 2262 as introduced by the City Manager:

AN ORDINANCE AMENDING TITLE 17 OF THE MUNICIPAL CODE OF THE CITY OF NORTH LAS VEGAS, RELATING TO ZONING (ZOA-07-06); AMENDING SECTIONS 17.12.020, 17.20.100, 17.20.110, 17.20.120, 17.20.130, 17.20.140, 17.20.210 AND 17.24.050 TO ADD DEFERRED DEPOSIT LOAN AND SHORT-TERM LOAN DEFINITIONS AND ALLOW AUTO TITLE LOAN, DEFERRED DEPOSIT LOAN, AND SHORT-TERM LOAN AS SPECIAL USES AND TO REQUIRE SEPARATION DISTANCES BETWEEN THE USES AND OTHER LAND USES, AND PROVIDING FOR OTHER MATTERS PROPERLY RELATED THERETO.

Planning and Zoning Manager Marc Jordan explained the ordinance was intended to

address the moratorium currently in place. Definitions were added for deferred deposit loan facilities and short-term loan facilities. The ordinance also addressed auto title loans which were currently defined in Title 5. Adoption of the ordinance would make all the items special uses which would be required to be presented to the Planning Commission. The separation requirement of an additional 1000 feet between auto title loans, deferred deposit loans and short-term loans would be included, as well as a 200-foot separation requirement from any developed residential district. These separation requirements were consistent with other jurisdictions in the Valley and a waiver provision would be added for the 1000-foot separation requirement if an adequate barrier existed.

Manager Jordan stated there was one change to the ordinance which was Section 17.24.050 on page 3, which should read 17.28.050.

In response to a question by Mayor Pro Tempore Robinson, the moratorium would still be in effect through May 20, 2006.

Councilwoman Smith stated she would like to add an amendment to the ordinance that would require a minimum floor space of 1500 square feet.

47. ORDINANCE NO. 2267; AN ORDINANCE OF THE CITY OF NORTH LAS VEGAS,

NEVADA APPROVING AND ADOPTING THAT CERTAIN DEVELOPMENT AGREEMENT BETWEEN THE CITY OF NORTH LAS VEGAS AND NOVEMBER 2005 LAND INVESTORS, LLC, AND DRHI, INC. FOR THE DEVELOPMENT OF APPROXIMATELY 2,675 ACRES OF LAND AND PROVIDING OTHER MATTERS PROPERLY RELATING THERETO.

Ordinance No. 2267 as introduced by the City Manager:

AN ORDINANCE OF THE CITY OF NORTH LAS VEGAS, NEVADA APPROVING AND ADOPTING THAT CERTAIN DEVELOPMENT AGREEMENT BETWEEN THE CITY OF NORTH LAS VEGAS AND NOVEMBER 2005 LAND INVESTORS, LLC, AND DRHI, INC. FOR THE DEVELOPMENT OF APPROXIMATELY 2,675 ACRES OF LAND AND PROVIDING OTHER MATTERS PROPERLY RELATING THERETO.

City Manager Rose advised this item was first presented to Council at a workshop on April 19, 2006 with a recommendation from Staff for approval. Since that time negotiations continued and Attorney Ed Lubbers was present to list the recommended changes to the item.

Ed Lubbers, 2500 West Sahara Avenue, Las Vegas, presented the City Clerk with a red-line version of the Development Agreement between the City of North Las Vegas and November 2005 Land Investors, LLC which showed the changes between the original Development Agreement and the one that Staff recommended for approval. Mr. Lubbers described the proposed changes as follows:

Section 2.11(f) was changed to reflect that a restriction against leasing for 24 months will be included in all sales contracts for dwelling units other than custom, semi-custom, executive and upgrade housing units and the City would have the right to enforce the restriction after closing.

Section 2.12(a) reduced the maximum number of units to be developed from 16,040 to 15,750.

Section 2.12(b) originally required that the developer provide for a maximum of 40 custom/semi-custom lots. This was changed to a minimum of 40 custom/semi-custom lots.

Section 2.23 had two major revisions: (a) The agreement now provided that the best aspects of the design guidelines and development standards for the Watermarke and Ladera Ranch developments in California, the Aliante planned community and the Southern Highlands planned community would form or serve as the foundation for the development standards and design guidelines ultimately adopted for the master planned community; and (c) The development standards and design guidelines would now require definitions for at

least four product types in addition to custom and semi-custom and they are start up, move up, upgrade and executive. They would provide for the product mix of those products throughout the community.

Section 3.02, at the request of the Clark County School District, was amended to read that the sites identified on the Land Use Plan were required to meet the school site criteria which would be between the developer and the School District.

Section 6.02 was originally omitted and was added to state that the developer agreed to construct full improvements for Clayton Street from Grand Teton Drive on the north to the I-215 Beltway on the south.

Section 2.14, the Gaming Enterprise District, clarified that a gaming enterprise district would have to be approved in order to have a resort hotel located on the site identified on the Land Use Plan. It also provided that the developer acknowledged that approval of the Development Agreement would not ensure approval of a gaming enterprise district or ensure approval of a special use permit for a casino on the property. The changes also removed any references to conditions that were in the original document should a gaming enterprise district be approved. Mr. Lubbers explained approval of the Development Agreement would not grant any type of gaming rights to the developer in regard to the property. This assurance was confirmed by City Attorney Sean McGowan.

Councilman Shari Buck joined the meeting via telephone at 6:51 P.M.

Mayor Montandon explained this item was a discussion and was pending a decision by the City Council regarding a Development Agreement on 2675 acres purchased by a development group in North Las Vegas from the Bureau of Land Management (BLM). He emphasized this was not a hearing on a gaming use and reiterated what Mr. Lubbers said about approval of the Development Agreement not being an approval for any gaming use. Mayor Montandon explained the process for securing a gaming license was very complex and assured everyone no application for a gaming license had been submitted for a casino on the property.

Bob Gronauer, 3800 Howard Hughes Parkway, Las Vegas, represented the developers which consisted of 2005 Land Investors, LLC (Olympia Land Group); Astoria Homes; American West Homes; Standard Pacific Homes; and DRHI (D.R. Horton). He stated the proposed master planned community would be the largest and most expensive in the history of North Las Vegas. Mr. Gronauer reiterated the comments made by Mr. Lubbers and Mayor Montandon that the proposed Development Agreement had nothing to do with approval of a gaming enterprise district. He emphasized the Development Agreement was a partnership between the City of North Las Vegas and the developers to create an unprecedented master planned community in North Las Vegas.

Garry Goett, Olympia Land Corporation, 3140 Rainbow Boulevard, Las Vegas, stated

he and his partners were very enthusiastic and committed to the success of the master planned community. Some of the amenities included in the project were a new regional police station that would serve approximately 125,000 residents, a fire station equipped with a ladder truck and two engine trucks, a new \$5 million library, sites for five elementary schools and one middle school, as well as a site for a new post office. These facilities would be funded by the developers at a cost in excess of \$35 million. Also included in the project were 80 acres of new parks with basketball courts, lighted playgrounds, water play and spray areas, covered tot lots and picnic and barbecue areas which would be spread throughout the community.

Mr. Goett advised that, in addition to the parks, a 40-acre regional sports park would be constructed with several baseball, soccer and football fields; tennis courts; basketball and volleyball courts; picnic areas; and a tot lot water play area. The cost to the developers for these parks was in excess of \$80 million. Also included were walking trails and pathways that would link various elements of the community and the parks together. Mr. Goett stated the community would have landscaped buffer zones along the sides of the roads, as well as landscaped medians on the major and connecting roads in the area. The total cost to the developers for the above-mentioned amenities, the land and other improvements would exceed \$1 billion.

Dr. Robert Fowler felt residential areas were built for families and the City should place emphasis on building healthy communities for families. Mayor Montandon advised the City had discussions with the federal government prior to the 1998 passage of the Southern Nevada Public Lands Management Act at which time the City requested the federal government to sell only large parcels for development. It was felt the sale of only very large parcels would create better City environments for family-oriented projects.

Dr. Ronald Thomas spoke on behalf of Dr. Ralph Williamson, the pastor of First AME Church, and echoed the comments of Dr. Fowler.

Cordell Stokes, Post Office Box 364334 North Las Vegas Boulevard, North Las Vegas, appeared on behalf of WINGS, Inc. (Women Innovating New Growth Strategies) and stated he stood with Dr. Fowler and Dr. Thomas as a unified front. He felt the master planned community was a positive thing because people need to have affordable housing and the amenities conducive to a healthy family environment. However, he felt there were some additional variables which were not being spoken about that dictated the need for him to be in opposition to the development. Mr. Stokes expressed concern about gaming being developed in the community sometime in the future.

Jean Heatherly, 4632 Charger Avenue, North Las Vegas, stated she was not opposed to the development but felt more consideration should be given to the streets leading into the development. Mayor Montandon responded the problems with the east-west corridors had been addressed in the past and the focus was currently on the north-south corridors.

Lisa Mayo Deriso, 7311 Falvo Avenue, Las Vegas, advised she was concerned about leaving the gaming language in the Development Agreement. Mayor Montandon read the language in the Development Agreement that pertained to gaming which stated “the parties acknowledge that this agreement does not insure approval of a gaming enterprise district or special use permit for a casino resort hotel.” Ms. DeRiso requested the language be omitted from the Development Agreement. At Ms. DeRiso’s request, Mayor Montandon explained the process for application for a gaming license.

Scott Rutledge, 1838 Box Springs Avenue, Las Vegas, spoke on behalf of the Nevada Conservation League, as well as a resident of North Las Vegas, and commended Council and Staff on the Visioning 2025 plan. Mr. Rutledge expressed concern about the large number of homes being developed for the master planned community and how it would tax the infrastructure and the available natural resources. He was also concerned about the environmental impact the development would have on the existing community. Mr. Rutledge inquired about the type of landscaping being planned and whether the homes would be water smart and energy conscious. He asked what benefit would be derived from this development by the existing community.

Mayor Montandon responded all the environmental concerns raised by Mr. Rutledge were being addressed not only in this community but throughout the City.

Angelo Carvalho, 4927 Grimespound Court, North Las Vegas, stated his major concerns were the possible construction of a neighborhood casino and the allowed density. He was in favor of more parks and schools in the community.

Lou Borelli, 4436 El Presidio Drive, Las Vegas, advised he lived in Southern Highlands and was extremely happy with the product developed by Olympia Development and would not hesitate to recommend them.

Lisa Merrell, 6417 Gilded Flicker Street, North Las Vegas, agreed with Dr. Fowler and his commitment to family and felt the land should be carefully guarded. She was also concerned about the density and infrastructure in North Las Vegas communities. Ms. Merrell felt there were enough casinos and taverns in the City and desired more nice restaurants.

Hanah Horlacher, 6208 Darby Creek Court, North Las Vegas, wanted to know why there was a casino being built in her back yard. Mayor Montandon explained the casino had been approved before any homes were built.

Mary Orie, 3775 Perugi Court, Las Vegas, commended the Olympia Development Group for the wonderful job they did on the construction Southern Highlands.

Steven Lauber, 5855 Valley Drive, North Las Vegas, stated he was in favor of the project but he was concerned about residential development being constructed against prime

beltway real estate. He suggested a business park be constructed with opportunities for high-paying, professional jobs.

Bob Borgersen, 7617 Island Rail Drive, North Las Vegas, expressed concern about the high density proposed in the development.

Brian Greenspun, 2275 Corporate Circle #300, Henderson, stated although he was not a resident, he had a huge financial interest in North Las Vegas. He stressed the importance of elected officials being honest with the public when they stated there would be no gaming facility constructed in the master planned community.

Key Reid stated the issues Mr. Greenspun alluded to were that assurances had been made to Mr. Reid by Mayor Montandon that future gaming sites would not be approved. Mayor Montandon responded his statement involved additional gaming in Aliante. Mr. Reid felt that since there was a site on the Land Use Plan designated for a potential gaming facility, the residents had a right to be concerned.

Mark Curley, 2609 Rock Pigeon Avenue, North Las Vegas, felt North Las Vegas had the potential to be one of the best cities in Nevada and spoke in favor of the project.

Rob Tibbetts, 4494 Verdiccio Avenue, Las Vegas, was a resident of Southern Highlands and commended the Olympia Group on the proposed development.

Mayor Pro Tempore Robinson commented he was very proud of the City and the Council with whom he worked. He felt the integrity of all the Council members was above reproach and requested trust from the constituents who elected them.

Councilwoman Smith concurred with the comments made by Mayor Pro Tempore Robinson and pointed out that gaming was an integral part of Nevada. There was currently no state tax due to gaming and most of the movie theaters and many excellent restaurants were in casinos. Councilwoman Smith expressed her enthusiasm for the proposed master planned community and commended the developers for their efforts.

Dan Fegel, 7113 Pipers Run Place, North Las Vegas, was concerned that due to the high density proposed in the Development Agreement, there might not be enough room for the parks and trails.

Gary Bouchard, 2611 Paradise Isle Avenue, North Las Vegas, was skeptical about the promises made by the developers. He inquired about the possibility of small and minority-owned businesses, as well as affordable housing. Mr. Bouchard also expressed concern about the increase in taxes caused by growth.

Byron Goynes, 8728 Tala Street, Las Vegas, was retained by the applicant to canvas the residents on the project and submitted a letter of support for the project from former

Councilman Theron Goynes. He advised the areas canvassed were to the south of the project in the Centennial Parkway and Losee Road area, as far north as Ann Road and as far west as Losee Road and Kitamaya Street. Mr. Goynes stated the response of the residents was generally positive and of the 1476 respondents interviewed, 1354 were in support of the project and 122 were either not interested or did not support the project due to potential gaming.

Ricky Allen, 7145 Piper Avenue, North Las Vegas, commended the Council members on their integrity and welcomed the master planned community.

In response to some of the comments made by the speakers, Robert Gronauer stated there had been misrepresentation made to the residents regarding the possibility of a casino being included in the development. Mr. Gronauer advised he and his firm had come before the City Council for many years and he reaffirmed the integrity of the Council. Mr. Gronauer stated he was proud to represent the developers and again listed the many amenities that would be derived for the residents of the development, as well as the entire City. He requested approval of the Development Agreement.

For clarification, Mayor Montandon asked Mr. Lubbers to re-address the sections of the Development Agreement to be amended.

Councilman Eliason moved to have Section 2.14, Gaming Enterprise District, be omitted from the Development Agreement. The motion died for lack of a second.

In response to a question by Councilman Eliason regarding annexation of additional properties on page 9 of the Development Agreement, Mr. Gronauer stated any property within the 360 acres could be made part of the master planned community; however, when the additional property was added to the master planned community, the density could not be increased. This issue would fall under the design guidelines of the Development Agreement.

Councilman Eliason requested clarification on density transfer and Mr. Gronauer advised there was a 10% density transfer, similar to the previous Development Agreement, which would be further addressed in the development standards and design guidelines. This caveat would permit a density to be changed from one category to another without requesting a major amendment to the Development Agreement; however, the overall density would not change. For further clarification, Mr. Lubbers stated the concept behind density transfers was a function of density projections on a parcel basis that would come through on the development standards. He advised that as part of the Development Agreement there would be a maximum number of units in the various areas but there was the ability to transfer some densities based on the demand. Mr. Lubbers commented density transfers in excess of 10% would not be permitted without Council approval.

When Councilman Eliason questioned whether an open flood control channel was required on Grand Teton Drive, Mr. Lubbers responded the language was put into the Development Agreement as the result of the preservation agreement negotiated with the Fish & Wildlife Service, the Bureau of Land Management and the City. This issue would also be addressed in the development standards.

COUNCIL ITEMS

Mayor Pro Tempore Robinson asked for an update on the new City Hall. City Manager Gregory Rose stated the City was still in negotiation with the property owners.

CITY MANAGER'S REPORT

City Manager Gregory Rose recognized the Staff members who worked on the development agreement and thanked them for the good job. City Manager Rose asked Parks and Recreation Manager III James Stritchko to give a presentation regarding Taste and Tunes. Manager Stritchko stated Tastes and Tunes would run Friday, May 5th from 5:00 P.M. to 11:00 P.M. and Saturday, May 6th from 11:00 A.M. TO 11:00 P.M. The festival would include music, boxing demonstrations and a carnival.

PUBLIC FORUM

Bob Borgersen, 7617 Island Rail Drive, North Las Vegas, asked that any casinos permitted in North Las Vegas be carefully reviewed.

W. Finney, 4716 Vista Del Rey, North Las Vegas, reported there were holes in the fence that bordered the flood channel on North 5th Street which needed to be repaired. Mayor Montandon referred the issue to Staff to investigate.
